The Terms of Reference for the Network Planning Group (NPG) are as follows:

- i. The group will be responsible for sharing their Specific Action Plans for 2020-21 to 2024-25 with each other for facilitating integration of network, enhance optimization through modification/expansion/new network creation to avoid duplication of works for holistic development of any region as well as reducing logistics costs through micro-plan detailing.
- ii. This group, after examining all the interventions proposed to be taken by various Ministries, will delineate all projects where synchronization of efforts is required and propose any changes in the PM Gati Shakti NMP for consideration and approval of the EGoS.
- iii. The Network Planning Group will also examine the following current / future proposals which are not forming part of the Master Plan currently;
  - a. Projects of infrastructure connectivity Ministries which are costing more than Rs. 500 crores included under multimodal infrastructure classification where DPRs have either been completed or in advanced stage.
  - b. All major new connectivity / network proposals of infrastructure connectivity Ministries involving cost of more than Rs. 500 crores

- or those that are vital or critical from multimodal connectivity point of view to be determined by the NPG.
- c. Further, NPG may also recommend critical multimodal connectivity project proposals which are even not recommended by any line ministry to ensure proper integration and may also examine projects with reference to tourism development.
- iv. The nodal officers, of the concerned Ministry / Department will be responsible to ensure that the data inputs of the progress pertaining to the respective Ministry have been correctly mapped in the PM Gati Shakti NMP through the individual applications provided by BISAG-N.
- v. In order to avoid duplication of procurement and processing of high-resolution satellite images from National Remote Sensing Centre (NRSC) one of the primary centres of Indian Space Research Organization (ISRO), Department of Space (DOS), BISAG-N will be the sole agency to procure this for the platform and would be facilitated by the Logistics Division.
- vi. Geo Spatial Data of each stakeholder using this platform will be developed on these images.
- vii. This portal will provide consolidated view & enable review of all projects through a dashboard and project management module of various organizations.
- viii. It is through the GIS platform-based system, NPG will monitor all the interventions in the Master Plan and prepare periodic reports for review by the EGoS on the implementation.
- ix. Will assist EGoS in coordinating for any changes in the projects already included in the Master Plan. While close coordination with the State Governments will be done, private sector industries, experts will also be closely associated and consulted during planning and implementation.
